

WORLD CUP NURSERY SCHOOL & KINDERGARTEN

2023 SUMMER PREP CAMP

For Little Campers and Their Parents/Caregivers

(Children must be turning 2 in 2023)

World Cup Nursery School & Kindergarten is happy to offer a special summer experience for you and your two-year-old. Camryn Bell, our Romperree Program Coordinator, along with a staff of experienced World Cup Nursery School teachers, is once again running our unique, fun filled, and extremely popular Prep Camp Program that is guaranteed to encourage and excite your child during those lazy summer months!

Each camp day begins with 30 minutes of gross motor activity. At the beginning of the week, we start in our Romperree Indoor Playground where your little Prep Campers can escape the summer heat and jump, roll and climb to their hearts content. They will jump in the air castle, bounce on the mini trampoline, crawl through tunnels, swing on rings and swoosh down slides. Later in the week, weather permitting, the Prep Camp day begins with water play outside on our front playground. Splashing at the water table and skipping through the sprinklers are some of our favorite Prep Camp activities. Next, our Prep Camp day transitions to one hour of stimulating hand-on activity in one of our Nursery School classrooms. Creativity will be inspired through the use of various mediums (glue, paint, stickers, crayons, and more) as the campers complete their weekly theme-based art projects. Imagination and socialization will be nurtured during unstructured “free” play as the campers “cook” up a pretend meal, “drive” and “repair” the many toy cars, and “build” the house of their dreams with blocks, legos, and tools. Daily story time will encourage listening skills as well as promote the use of expressive language. Finally, each Prep Camp day will end with a snack with classmates. What a wonderful way to prepare your child for our Two-Year-Old program and simply enjoy some summer fun here at World Cup!
